U.S. Business Setup Checklist

Here's a simple three-phase checklist to help you understand what's involved in starting your U.S. business, from planning and paperwork to post-setup essentials:

Pre-Formation

- ✓ Do a thorough market research
- ✓ Choose company structure (LLC / Corporation)
- ✓ Pick your U.S. state (WY, DE, TX, etc.)
- ✓ Finalize a business name (check the restrictions below first)
- ✓ Prepare a valid ID (passport or NID)
- ✓ Collect valid proof of address (bank statement/utility bill)

Formation Process

- ✓ Submit the required information to Business Globalizer.
- ✓ State name availability check
- ✓ Company formation documents prepared and filed
- ✓ Wait for state approval
- ✓ EIN application submitted to IRS
 - A filled-out SS4 form will be shipped to the client for signature
 - Then the signed form will be sent to the IRS
 - Standard processing time is 20-25 days
- ✓ Registered Agent assigned
- ✓ Apply for ITIN (if needed)
 - A filled-out W-7 form will be shipped to the client for signature
 - After receiving the signature, the form will be signed by our CAA
 - The completed form will then be sent to the IRS
 - Standard processing time is 12–16 weeks

Post-Formation Tasks

- ✓ Receive the formation docs (Standard time: 2-7 business days, varies from state to state)
- ✓ Getting EIN
- ✓ Open a U.S. bank/fintech account (e.g., Mercury, Wise)
- ✓ Getting ITIN

- ✓ Set up Stripe / PayPal/marketplace accounts
 - Payment gateways require a US/UK IP address and Phone Number
 - We don't provide these, though we will recommend the best
- ✓ File BOI (Beneficial Ownership Info) Report
- ✓ Set up business email & domain
- ✓ Make a bookkeeping and taxation plan (by us or a trusted software/service provider)
- ✓ Prepare an annual compliance calendar

Tool List

Purpose	Tools You Can Use
Email	Zoho Mail, Google Workspace
Domain	Namecheap, Google Domains
Website	Shopify, WordPress
Phone Number	Vyke, TextQuo
IP Address	Ace Proxies, NativeIPs
Bookkeeping & Taxation	QuickBooks, Xero, Wave, FreshBooks
Storage	Google Drive, Dropbox

Business Naming Ideas & Mini Industry Compatibility Guide

Quick Tips:

- 💡 Keep it short, easy to spell
- 💡 Ensure the name is unique and not already in use
- 💡 Check domain and social media handle availability
- 💡 Conduct a trademark search to prevent legal issues.
- 💡 Avoid location or trends unless intentional
- 💡 Avoid words like "Bank," "Trust," "Insurance," "MCA," "Cash," "Royal," "Google"
- 💡 Prohibited: "FBI," "CIA," "Federal," "State Department"
- 💡 No country names (e.g., "USA LLC")
- 💡 No royal terms: "King," "Queen," "Duke," etc.
- 💡 No special characters (!, %, *, #, @) — hyphen (-) and & are usually okay
- 💡 Legal/financial words (e.g., "Attorney," "Law," "Esquire") need approval
- 💡 No slang, illegal, or offensive words
